INFORMED CONSENT FOR TREATMENT

Naturopathic Medicine is a distinct system of primary care that addresses the whole body and underlying cause of illness. It promotes health by assisting the body’s own healing mechanisms according to current medical research and time-tested healing knowledge. Naturopathic doctors integrate standard medical diagnostics with a broad range of natural therapies, including botanicals (herbs), acupuncture, clinical nutrition, counseling, and homeopathy. They work in partnership with other regulated healthcare providers to ensure that patients receive the most effective care possible.

Your child’s first naturopathic appointment will generally last 30 to 60 minutes and may include a physical exam and referral for laboratory tests. (For young children, please bring another care-giver with you to watch your child during the latter part of the appointment.) Follow-up appointments may range from 15 to 60 minutes each, according to your child’s individual health requirements. The first consultation fee is \$140 and does not include the cost of laboratory testing or prescription items. OHIP does not cover the fees of a naturopathic doctor, however many extended healthcare providers do. Services offered by Naturopathic Doctors are exempt from HST.
